Commissioner for Patents

*****The examiner notes to the Applicant that the IDS submitted in the RCE filed 12/01/2008, has been fully considered and annotated please see the attached annotated IDS sheets. The examiner further notes that an objection to the claims has now been applied, based on the fact that applicant didn't furnish to the office a complete listing of the previous allowed claims 1 - 18 and new claim 21, this create ambiguity if the claims 1-18 have been cancelled or just not included in the list as typo. The examiner further notes that this application will be allowed in the future, but however the applicant must submit a complete listing of claims to overcome the objection to the claims, which will facilitate the prosecution of the application to actual allowance of the application.
